THE MATHEMATICS STUDENT

EDITED BY
M. VENKATARAMAN and T. P. SRINIVASAN

with the co-operation of
J. N. KAPUR, P. K. MENON, RAM BEHARI,
S. S. SHRIKHANDE, V. S. VARADARAJAN,
K. VENKATACHALIENGAR, R. VENKATARAMAN

VOLUME XXXV, NUMBERS 1, 2, 3 AND 4
JANUARY—DECEMBER 1967

ISSUED APRIL 1969

PUBLISHED BY
THE INDIAN MATHEMATICAL SOCIETY
CONTENTS

J. N. Kapur: Tributes to the Memory of late Professor A. Narasinga Rao 1
J. N. Kapur: Some excerpts from the writings of late Professor A. Narasinga Rao 11
S. E. Dickson: Some remarks on Local Commutativity in Topological Groups 21
R. Lalitha: A Note on the Lattice Structure of $T_1$ Topologies on an infinite set 29
P. K. Sharma: A Generalisation to Normality 35
Somashekhar: Hyperspaces of Invertible Spaces 39
Amrith Naimpally

C. F. Moppert: Remarks on Linear Differential Equations 43
Kenneth S. Williams: An Elementary Number-Theoretic Formula 47
P. Kesava Menon: On A Theorem of Kakeya 51
P. Kesava Menon: An Extension of Euler’s Function 55
Y. Sankaran: On the average order of the Arithmetical Function $L(n)$ 61
P. Padamavathy: On A Generalisation of Wilson’s Theorem 65
J. M. Gandhi: Congruences for Restricted Partitions on a Number 69
S. N. Mehrotra: On Sums of Powers 73
A. M. Vaidya: An Inequality for Euler’s Totient Function 79
R. P. Singh: An Integral Equation Involving Generalized Legendre Polynomials 81
V. V. Subrahmanya: A Result Concerning the Euler’s Function 85
